MACHINE FOR CRUSHING, GRINDING, AND PULVERIZING.

Recently Patented in this Country and Europe.

COCHRAN'S Planospherical Quartz Crushing and Pullispection of the public, and will be submitted to any reasonable practical tests proposed by parties interested.

These machines, by their simplicity of construction, their durability, the undoubted principles upon which they operate, their effective operation and result, are justly entitled to the consideration of all parties engaged in grinding, crushing, and Pulverizing Quartz, Iron Ore, Zine, Copper, and Lead Ores, and all other Ores or Mineral substances.

It is the peculiar feature of the commy of these machines that they are found capable of crushing and pulverizing into the finest powder any amount of Quartz or other earthy matter, in proportion to the amount of weight or power applied. The earthy matter is so completely ground and pulverized, that the Gold may be easily separated, and subjected to any process of amalgamation that may be necessary.

The machines work and deliver wet or dry, as may be required, and run with little friction, (being almost without machinery,) requiring no lubricating; the principle upon which they operate precludes the possibility of their being pulverized. They are at once applicable for all purposes of grinding and pulverizing, from those required by the Druggist to those of the most extensive operations in California and Australia.

These machines are from two to twelve feet in diameter, Recently Patented in this Country and Europe

and Australia.

These machines are from two to twelve feet in diameter, with balls or spheres from three inches to five feet in diameter, sech machine weighing from 250 pounds to 20 tonsech, and are sold, with the right to use them, at from \$100

each, and are way, when to \$5,000 each.

They can be worked by steam, water, horse or manual power, according to their size; and by changing the velocity and proportioning the weight on the top of the balls, any desired amount of power may be used, from that of a

any desired amount of power may be used, from that of a man or horse upward.

The proprietors of this invention solicit examination, and will prove by practical tests the vast superiority and economy of these machines over any other, for crushing, prinding, or pulcerising, heretofore offered to the public.

These machines may be seen in operation at the foot of South Eighth Street, Williamsburgh, at the large Patent Block and Saw Factory of Messrs. Burr, Waterman & Co., first street south of Peck Slip Ferry, every day, from 7 to 0 a. m., and from 4 to 6 p. m. For further particulars, apply to

KRAUSER'S PATENT CLOVER-SEED HAR-

KRAUSER'S PATENT CLOVER-SEED HARVESTER

IS BEFORE THE PUBLIC FOR THE FIRST TIME!

I's utility is beyond comparison with any other farming implement now in use. It takes the seed from the field, leaving the straw or grass all standing. It weighs two hundred and fifty pounds, is drawn by one horse, and gathers from ten to twelve acres per day. The fingers, or teeth, catch all the heads, the revolving knives cut them off and throw thom back into the box, which will cross a twenty-acre field without emptying. The heads are then loaded into a wagon and taken directly to the mill for cleaning, thus diminishing the labor three fourths, and saving all the seed. This machine comes so low that every farmer will have it, and pays the manufacturer 300 per cent.

E. WHEELER, Agent for Washington.

CROSS KETS, WASHINGTON TOWNSHIP, CAMDEN Co., N. J.,) CROSS KEYS, WASHINGTON TOWNSHIP, CAMDEN CO., N. J., September 4, 1851.

We, the undersigned, do certify that we have seen Mr. Krauser's Patent Clover Harvester in operation, and it has given perfect satisfaction. It has gathered many of the farmers'-clover in this neighborhood—it is all that Mr. Krauser and his bills represent it to be. The farmers have given one-half for gathering and threshing.

KRAUSER'S PATENT CLOVER-SEED HARVESTER.—
We have conversed with a number of Farmers, and they are
of opinion that there are at least 3,000 acres in each township in Camden or Gloucester county, New Jersey. Admitting there are but 1,000, it is said that each acre will yield

ORAL TESTIMONY. ORAL TESTMONY.

THOUSANDS feel it a duty to talk to their afflicted friends of the benefit derived from HAMPTON'S VEGETABLE TINCTURE. From day to day we have given the certificates of cures performed on our best-known citizens, and still we have a perfect avalanche of letters pouring in upon us—all, all giving a weight of testimony that must convince the most skeptical. All are invited to call and read for themselves. The letter below is from one of the first increantile firms. To those who know them, it must carry conviction, and induce many sufferers to give this Tincture a trial:

**PORT ROYAL VA. July 27, 1852.

PORT ROYAL, Va., July 27, 1852.

Messrs. Mortimer & Moubray: Gents: We have again to Vegetable Tincture. Since it was first tried it has sold without an effort, and we have not seen the first person who has not been greatly benefited by its use. A gentleman of our neighborhood was induced to try the "Tincture" for a violent palpitation of the heart. He had suffered so much from it that he said he had prayed for deats. He had taken but three closes when he assured us he would not take five hundred dollars for the benefit he had derived, and that he should never cease to remember us with gratitude for calling his attention to so valuable a medicine.

Yours, truly,

GRAY & PENDLETON. PORT ROYAL, Va., July 27, 1852.

The Whole World, Attention!-Hear him, ye sick, and do likewise!!

Baltimore, Feb. 9, 1852.

Messre, Mortimer & Mowbray: Gentlemen: It is with real pleasure that I am able to attest to the general healing and curative powers of Dr. Hampton's Vegstable Tincture. Sometime during last November I was taken with a very bad and serious cough. I was advised to take Cod-Liver Oil, and did so; but getting no better, I was induced to try your Tincture. I got one bottle, and before I had used it all my cough left me. Permit me also to state that, for the last fitteen years, I have suffered very much from Acute Rheumatism and Vertigo, confining me at times to my bed. I am fully convinced that I owe my present good health to the use of the Tincture, and a kind Providence.

You are, my friends, at liberty to use this as you may think proper; and believe me, yours, very respectfully,

Messrs. Mortimer & Mowbray: Gents: Last September I formed on my right leg. Getting better of this, last November I took a deep cold, which led to what my physician told me was billous pleuries, which led to what my physician told me was billous pleuries, which left me with a constant, deeply-seated, and painful cough, having no rest day or night, and constantly throwing up from my lungs a thick matter. I became much emaciated, growing weaker every day, and keeping my bed the greater part of the time. My friends thought I had the consumption, and at times I was also of the same opinion. At this stage of my disease, after having tried many and various remedies, without success, a friend advised me to try DR. HAMPTON'S VEGETABLE TINCTURE, and procured me a bottle, which I now pronounce the greatest medicine I ever took. Before I had taken half the contents of one bottle I felt much improved; and now, having taken but two bottes, my cough and pains have entirely left me, and I am enabled to attend to business. I can truly say that, with the blessing of God, I have been rostored to the health I now enjoy by the use of this most invaluable medicine.

Vours, BALTIMORE, July 6, 1852.

Mesars. Tyler & Adair: I have been afflicted with Rhematism, at times, from my twelfth year; I will be fifty years of age the 18th of this month; the attacks were at times so severe as to render me helpless; I have tried various remedies to very little effect. Last October I was attacked in my shoulders, sides, back, and hips; I could not rest, day or

I intend to use it whenever I need it, and would recommend it to the afflicted, believing it uncounsiled. Yours, ELIZABETH BAGWELL.

So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.
